As a professional translator, I seek to make source content accessible to more markets. This includes rendering audio-visual content in the target language, as well as traditional written work. I am also familiar with SEO. My working languages are German (all variants) into English (all variants). Currently learning Russian and Serbo-Croat.

Professional Experience

Oct 2019 – **Translator, EN to DE OneSky App, Singapore.**

- Translation and proof-reading of over 150,000 strings German in-game dialogue for several fantasy/single-shooter games
- Coordinated proof-reading, terminology management with team

Feb 2003 – **Freelance Translator.**

- Numerous clients from around the world.
- Translation, proof-reading, terminology management
- First phase: mechanical and electrical engineering, medical and software
- Recently: legal and financial (accounting, payroll) translations

July 2001 – **Full-time Technical Translator, SAP AG, Walldorf, Germany**

- 2003 At the time, SAP AG boasted a significant number of in-house translators, and extensive training programs.
- Translated training materials and system texts from German into English
